Hawaiian
Electric
Company.

The cleanest, brightest and really,
in the long run, the cheapest and best light
for use in the family residence, is the incan-
descent electric light. Safe; nothing could
be safer. A few days ago a prominent gen-
tleman of Honolulu came rushing down to
the office of the Electric Company and said:
"Give me figures for wiring my house, and I
want it done at once; no more lamps for me.
Last night a lamp tipped over and it came
so near setting fire to the house and burning
my children and I take no more risks."
This is the sentiment of quite a number in
the past few weeks, who have ordered their
houses fitted with the perfect light.
Just think it over and make up your mind
that you want the best and safest light; send
for the Hawaiian Electric Company and tell
them what you want.
We have a complete stock of everything in
this line and have just received a lot of the
very latest designs in chandeliers.

THEY MUST COME BACK

HAGSTEN ORPHANS OF HONOLULU
IN DISTRESS.

Are Refused a Landing in San Fran-
cisco Because They are Pauper Im-
migrants—They are Helpless.

The five orphan children of Mrs.
Hagsten sent from Honolulu to San
Francisco in the Hawaiian bark R. P.
Rithet, were denied a landing be-
cause they are pauper immigrants.
The children were consigned to the
care of the Salvation Army at San
Francisco, and their passage money
and a few spare silver pieces donated
by charitable Honolulu merchants.
Now unless someone will give bonds
in the sum of \$500, they will be re-
turned to this city.

Immigration Commissioner Strad-
ley insists that he cannot permit the
children to land as he would be vio-
lating a stringent United States law.
The mother, Mrs. Hagsten, a native
of Norway, died a short time ago, leav-
ing six children—Agnes, 14 years old;
Bertha, 13; Alfred, 7; Ottile, 6; Carl,
4, and a baby of 16 months, all born
in Honolulu. The baby was adopted
by a family at Ewa and the others
were sent here in care of Mr. and
Mrs. George Sterling, Americans re-
turning home.

Mr. Stradley allowed the children
to land temporarily and to be taken to
the Salvation Army Home, at 329 Bry-
ant street, San Francisco, until after
a meeting to be held today by Mr.
Stradley and several other govern-
ment officials. With the children
came a letter from the United States
Consul at Honolulu setting forth the
facts of the children being without
parents, and this letter, directed to
the Collector of the Port, was by him
referred to Mr. Stradley.

There was also a letter from Major
Winchell of the Salvation Army, in
reply to one sent to him from the is-
lands. Major Winchell says:

"We can take the children all right
and will be glad to do so if there are
no strings to hold them, and if they
can be gotten away we will look out
that they are properly cared for and
given every advantage as far as edu-
cation, both in spiritual and other
lines, are concerned. God bless you."
—W. N. WINCHELL.

"P. S.—All that is necessary is that
we get the children lawfully and the
father had better sign an agreement
to that effect if we are to have them."
The San Francisco Examiner gave a
bond in the sum of \$2,500 at the last
moment and the children will be per-
mitted to remain.

STEAMER OFFICERS CAUGHT.

Second Engineer and Purser of Mika-
hala in Trouble.

Rudolph Windrath, second engineer
and John Grube, purser, of the steam-
er Makahala, will have to answer in
the police court to a charge of hav-
ing opium in their possession, when
they return from Kauai next week.
The former was caught red handed,
with nineteen boxes of the prohibited
drug in his possession, by Customs In-
spector Manoha, and Grube is ac-
cused of trying to prevent Manoha from
making the arrest until Windrath had
hidden the stuff. Both men were re-
leased on \$500 bail and went to sea
on their regular trip.

Manoha had received information
that the dope was coming to the steamer,
and was lying in wait at the dock,
when Windrath's wife drove up in
a hack and went aboard with a poi
pail in her hand. Manoha followed,
but was stopped at the gangway by
Grube, who said he had a lot of coin
there which must be stowed away be-
fore anyone could come aboard. Ma-
noha brushed him aside, after a little
parrying, and reached the deck just
in time to see Windrath disappearing
into the engine room with the
suspicious poi pail. The officer had
the pail in his possession a moment
later, and tearing off the cover found
the dope.

Windrath, when taken to the police
station, took all the blame for the
transaction, exonerating the woman
and Grube. He gave bail at once.
Grube says that he was doing duty in
looking after the cash and did not in-
tend to shield Windrath.

BEEF SUGAR FACTORY.

The plant of the Union Stock Yards
at Rodeo, which originally cost one
million dollars, but which has been
standing idle for five years, is to be
converted into a beef sugar factory
by the same company which is pre-
paring to erect a factory at Crockett,
in Contra Costa county. Senator Per-
kins is among the promoters of the
enterprise.

SUGAR BOUNTIES.

Deputy Collector Farley of the cus-
toms house at San Francisco received
a letter from the Treasury depart-
ment informing him as to an import-
ant ruling of the department with
house not only duty under the Ding-
ley bill, but also the amount of the
bounty. In other words the bounty
will be neutralized.
